

## **NEW ONLINE FORUM ENGAGES MEMBERS OF THE NSSA/NSCA IN GLOBAL CONVERSATION ABOUT SKEET, SPORTING CLAYS AND GOOD SPORTSMANSHIP**

### **After More Than Two Years Offline, the NSSA/NSCA Continue Their Forums as Part of a Cooperative Agreement with Shotgun Life**

**SAN ANTONIO, Tex. – June 16, 2009** – The joint organization of the National Skeet Shooting Association-National Sporting Clays Association (NSSA/NSCA) announced today new online forums for members with the goal of sharing accurate and unbiased information about their sports while stimulating camaraderie worldwide.

The new NSSA/NSCA forums arose from an agreement between the NSSA/NSCA and Shotgun Life ([www.shotgunlife.com](http://www.shotgunlife.com)), the first online magazine dedicated to the best in wing and clays shooting. Under the arrangement, Shotgun Life has donated all the software, hardware and technical support to resume the organizations' forums, which have been dormant for over two years, as part of the 10 shotgun forums launched today by the online magazine.

The forums are available by visiting [www.shotgunlife.com](http://www.shotgunlife.com) and clicking on the Forum tab at the top of the page. NSSA/NSCA members should see specific instructions distributed by the organizations for registering in the Forums.

“With the next generation of shooters becoming much more active in skeet and sporting clays tournaments, it was time to once again bring a meaningful exchange of information to our members around the world,” said Don Snyder, Executive Director of the NSSA/NSCA.

“Shotgun Life came to us with a generous proposal that helped us accelerate our goals of using the Internet to help unite our members in an online global community.”

“It’s an honor to be underwriting the NSSA/NSCA forums,” said Irwin Greenstein, Publisher of Shotgun Life. “As a free, online magazine our intent is to break down the barriers of entry to participating in the shotgun sports. Our support of the NSSA/NSCA forums is in complete alignment with the goals of these two tremendous organizations that have enriched the lives of so many shotgun owners.”

Members of the NSSA/NSCA will be able to access the forums at URL after they receive login information for their respective organizations. They can start participating in the forums immediately.
