

NSCA Rule Changes for 2008

Rule I-C-4-b page 12

State Associations may elect to assess residents and **non-residents** a per target state fee, not to be greater than the per target fee assessed by NSCA.

Rule II-A-16 page 14

Safety Zone – When a shooter is in the process of shooting, no one (other than the Referee/Trapper) is allowed within three feet (3') of the shooter. There will be an imaginary line three feet behind the shooter that will extend along the entire station. This will be referred to as the Safety Zone.

Rule III-A-2-a-2 page 16

One punch will be awarded to the second highest score and ties where there are 10-14 shooters in a particular class.

Rule IV-B-3 page 22

In the selection of the club for a State Shoot, the State Association (if one exists) may apply their own process for that selection. The process must be in the State Association's By-Laws and those By-Laws must be approved by the NSCA. If a process does not exist, then **Rule IV-B-3-a** must be followed.

Rule IV-B-4 page 23

A Zone Delegate may require a proposal or bid form to be submitted by the prospective club to be considered by the National Delegates for the Zone Shoot.

Rule IV-D-a page 25

Senior Super Veteran: Any person 75 years of age and over by Jan 1.

Super Veteran: Any person 65 years of age and over who has not reached their 75th birthday by Jan 1.

Rule IV-F-6 page 28

All sub-gauge events may be held on the same course (except for Nationals and US Open). A Prelim 12 ga. event must be on a separate course. If a club has only one course, it may be used for multiple events (sub ga., 12 ga., prelim and/or main event) if the traps and/or stations are changed to create a completely different presentation at all stations. Merely changing the angle, speed, course of fire (report one event, then true pair or visa versa the next event) does not meet the intent of this rule.

Rule IV-G-2-b page 29

If a person who set targets at a State or Zone Shoot earned enough points in other tournaments to make a State or Zone Team, as long as they shot the Main Event of their State or Zone Shoot for targets only.

Rule IV-H-2 page 30

A NSCA member may not compete in a non-NSCA event on the same course until that member has shot the NSCA event. For example, if there is a 3-shot event planned on the same course as a NSCA event, a member must shoot the NSCA registered event before shooting the 3-shot event.

Rule IV-R-1-c page 35

Should a NSCA club not file a Shoot Report and pay the appropriate fees within 45 days from the date of the shoot, that club will be suspended from holding registered shoots until such a time as the report and fees are received by NSCA Headquarters. Upcoming scheduled shoots will be noted "SUSPENDED" on the web site notifying members that if they shoot, the targets will not be registered.

Procedure Change

When a Concurrent total of over 20 shooters in an event with 50-99 entries be issued All American points based on a shoot with 100 entries. This will help the shooters at the smaller events score points based on their heads-up competition and not the total shooters in the event.
